HIGH-PERFORMANCE BLINDS FOR PRECISE LIGHT CONTROL

HIGH-PERFORMANCE BLINDS FOR PRECISE LIGHT CONTROL

ZIPTRAK® BLINDS provide marine grade, consistent, controlled light exclusion while maintaining a clean, professional look. Specifically engineered for life at sea, ZIPTRAK® interior blinds deliver superior insulation, sun protection, and a refined finish for marine interiors.

Designed to perform in the demanding conditions of vessels ranging from luxury yachts to naval ships and cruise liners, ZIPTRAK® is also trusted for onshore applications in the transport, construction and aviation industries.

CUSTOM MADE, PRECISION FIT AND QUALITY BUILD

Custom made to your specifications and made to measure to suit specific openings. Easy operation with a high quality build, for continuous usage and long life.

GAPLESS TRACK-GUIDED SYSTEM

Fabric stays in the side tracks, no gaps or flapping and rattling, for a professional finish to complement any interior. Perfect for commercial and marine spaces where silence and comfort matter.

EFFORTLESS, CORDLESS OPERATION

Ziptrak®'s patented spring balanced mechanism allows smooth, one-hand control. An aluminium channel gives the blind strength and easier usability, with stop-and-stay control at any height.

CUSTOMISATION

Choice of colours and fabrics to suit your space and specific interior requirements.

Certified for safety and quality, the ZIPTRAK® interior system holds **DNV Type Approval** and complies with **Marine Equipment Directive (MED/MER)** requirements, ensuring full suitability for use in regulated marine environments worldwide.

PROTECTION

EXCEPTIONAL LIGHT BLOCKOUT

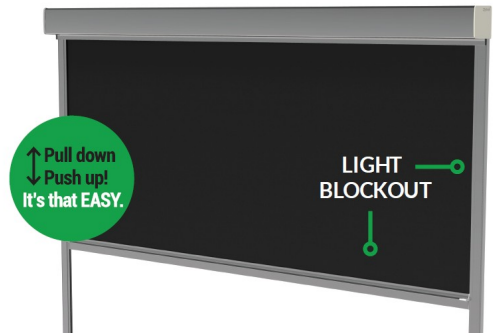

MANUAL OR ELECTRIC OPERATION

Advanced Light Control

Featuring a **patented self-balancing spring mechanism**, the system allows smooth, effortless operation - simply lift or lower the blind to any position and it will stay exactly where you release it. No chains, cords, or complicated systems - just clean, reliable performance, ideal for commercial and luxury residential interiors where safety and ease of use are important.

HIGH-PERFORMANCE BLINDS FOR PRECISE LIGHT CONTROL

A range of **marine-grade fabric options** are available to suit different applications:

- **Mesh fabrics** allow light transmission while maintaining privacy - perfect for filtering light softly to create comfortable environments like in crew mess rooms, passenger lounges, airport terminals and executive lounges.
- **Blackout fabrics** provide total glare and light block, essential for sleeping areas, AV rooms, or presentation suites and meeting rooms.

Durable, low-maintenance, ZIPTRAK® Interior blinds deliver performance, style, and peace of mind – in marine and onshore applications in the transport, construction and aviation industries.
