HIGH-PERFORMANCE BLINDS BUILT FOR THE UK

HIGH-PERFORMANCE BLINDS BUILT FOR THE UK

ZIPTRAK® BLINDS provide consistent, controlled light exclusion for commercial and residential settings, maintaining a clean, professional look.

A sleek, robust solution that shields against wind, rain, sun, and glare - all while maintaining a seamless connection with the outdoors.

- Consistent control
- Clean results
- Light and heat, managed precisely
- No glare, no gaps, no noise

TOUGH AND DURABLE

Built to perform in the harshest UK weather conditions. Developed for years of commercial use to handle wind, rain, UV and temperature changes

CUSTOM MADE AND PRECISION FIT

Custom made to your specifications and made to measure to suit specific openings. Easy operation with a high quality build, for continuous usage and long life.

CUSTOMISATION

Choice of colours and fabrics to suit your space and suit your interiors.

GAPLESS TRACK-GUIDED SYSTEM

Fabric stays in the side tracks, no gaps or flapping and rattling, for a professional finish to complement any space. Perfect for hospitality, commercial spaces, leisure and luxury homes where protection from the weather matters.

EFFORTLESS, CORDLESS OPERATION

Ziptrak®'s patented spring balanced mechanism allows smooth, one-hand control. An aluminium channel gives the blind strength and easier usability, with stop-and-stay control at any height.

PROTECTION

EXCEPTIONAL LIGHT BLOCKOUT

MANUAL OR ELECTRIC OPERATION

SMOOTH TRACK-GUIDED OPERATION

Featuring a **patented self-balancing spring mechanism**, the system allows smooth, effortless operation - simply lift or lower the blind to any position and it will stay exactly where you release it. No chains, cords, or complicated systems - just clean, reliable performance, ideal for commercial and luxury residential interiors where safety and ease of use are important.

The unique **track guided system** keeps fabric securely in place. No unsightly gaps at the sides, just a clean, streamlined finish, protecting you from the elements
